Our Family Vacation On a Houseboat... In Kentucky

Those words kept ringing in my head as we made the long drive from Chicago to State Dock on Lake Cumberland, in Kentucky. These are the words that would either live in infamy of horrible vacation history or a cool memory that we would have forever.

It was a coin toss. My wife and I wanted to take the many kids on a vacation, but not have to take a plane. As we began to research vacation ideas

around the area, they all started to look the same: Water park, blah, cabin on a beach-doo dah, camping at a thingymabob. Not that any of those options were bad, we just wanted "different."

Then, in one of my many bits of late night anxiety-produced insomnia, I Googled "houseboat vacations" and Lake Cumberland, Kentucky popped up.

Here's the brief description

of the Lake Cumberland area. It's a massive lake in southern Kentucky with hundreds of rivers that run off of it and tributaries that run off of that, surrounded by trees, and rock faces that transport you to a place of peace, quiet and nature. The water is warm, clean (you know for a lake) clear and welcoming. We looked at it as a new adventure.

State Dock is a marina that has been on Lake Cumberland for almost 50 years, and was the first step in our houseboat adventure. They say they are "America's best houseboat vacation," which didn't make sense... at first.

You can look at the pictures all you want, but the experience of pulling up to State Dock and viewing these massive floating boats is something that takes your breath away. I know it's in the name, but these are literally boats that are also houses and everything you need to be comfortable and safe while you are on them.

We had a 64 foot long by 15 foot wide boat, and this was the small one! It was two stories tall, with a slide off the back, four bedrooms, full kitchens, two bathrooms, living room, grill, cabinets galore and plenty of deck space to ooooh and ahhhh at the passing nature.

A sign that says

*"Welcome
to
Paradise"*

welcomes you at State Dock, and it's more than a marketing phrase it's a glimpse into what's in store.

Before we get to that, a few things for you "type A" city folks need to know.

1.) Check your "city"

at the door. Things will get done for you, but in "country time." This isn't Starbucks, and there is no need to yell and push to get your latte. This is the South and things get done in due time. Which actually turns out to be pretty cool. When you pull up with your car full of stuff, there are teams of eager young college kids that will help you get your stuff into massive carriers and to your boat.

2.) Don't panic.

These are enormous boats and they can seem daunting at first, but the staff is there to help you figure everything out and keep you safe. These guys are professionals who can solve your problems. Even if you are out on the water, you can radio in for help and they are there. Everything from a broken hot tub because Yes, the house boats have hot tubs! To an actual emergency, the team at State Dock, literally jumps into boats to find you and help you out. It's comforting to know and added to the total relaxation thing that we enjoyed so much.

3.) *You should know something about boating.*

It's not a "must" but basics are a good thing. These monster boats only go about 7, yes seven miles an hour. Which may seem slow, but it adds to the total package of moseying up and down the lake. That being said, as you approach a swimming hole and have to pull up to shore, 7 miles an hour and no idea what you are doing can seem like you are driving a cigarette boat at full blast. A little boat knowledge and practice and you can get it down.

4.) *The swimming hole thing.*

I couldn't wrap my mind around what exactly we were going to do on our boat for four days. Again, "check your city at the door." It's not like the Play Pen in Chicago, where there are hundreds of boats tied up in a small space, though there are areas for that. The experience is what you make it. Having a son affected by autism, we were nervous about noise and over crowding, our fears were

quickly put to rest. Lake Cumberland's shoreline measures 1,255 miles and spreads over 65,530 acres. That's a lot of space to completely disappear and make the experience your own.

5.) *Wander.*

Yup, just go where you want and do what you do. There are actual maps and Google Maps to help you find quiet coves, massive water falls, islands in the middle of nowhere and cliffs to jump off of, you choose what you want. Once you see something that makes you happy, you slowly pull the front of your boat up to shore, tie her up and go to town.

The good news is you can slide, jump and swim off your boat pretty safely (always swim around to check for debris). The bad news is it's super frickin' deep! Point is, even with all of my swim training, I had a life vest on, we all did, including the dog (yes they allow pets). They provide life vests and we also brought our own, safe is much better than sorry in water this deep.

My worries about how we were going to pass time were soon squashed. Between

traveling from location to location, swimming and general goofing around, our days were filled with great times and a ton of memories.

When the kids needed a break, they could watch a movie on the DVD player, when mommy and I needed a break we took turns hanging out on the massive deck up top, or on the front or on the back. We ate together as a family, we cooked all of our meals (never happens at home), we played cards, fed ducks, jumped off cliffs, slid down slides, launched ourselves off the top of the boat and watched a family of turtles swim around the boat as the sun set.

It is truly that easy. This is where you play, eat, swim and sleep and it

couldn't have been a better experience.

Our adventure to Lake Cumberland and State Dock was a success and something we are planning on doing again and again. The crazy thing is that it is "the South" so you can head down there as late as Halloween and the air and water are still warm! If you're looking for a vacation that will take your breath away at seven miles an hour, then this is something to add to the family vacation bucket list.

The Escape

(ADMIRAL SERIES)

64' LONG X 15' WIDE

The Escape

Fun and economical, the Escape (formerly, the Admiral) has been our most popular entry level houseboat. This year, we've decided to give these classic vessels a boost. First, you'll finally be able to get a break from the sun as we are adding a canopy cover to all of our Escape houseboats!

Secondly, for those of you who always wanted to try the hot tub on our bigger boats, but didn't want to exceed your budget; well, now you can. We're putting hot tubs on half of our Escape fleet! For those of you who are just fine without a hot tub, you'll still have the option of no hot tub as well.

You're going to love these new improvements!

Choosing the Right Rental for you!

Picking the right houseboat rental can be sometimes be a daunting task, particularly for those who are new to this unique vacationing experience. State Dock offers 12 different models of houseboats; all with their own features, sizes and costs.

Budget

There are a few different factors to consider here, and the first thing that must be said is to set the budget and stick to it. No matter how fun the week is on a pricier rental, you'll be kicking yourself after it is over when you are juggling finances to accommodate a bigger expense than you planned for.

That doesn't mean you shouldn't shoot for the houseboat you really want. If you're dying to try out a newer luxury model or you want to extend your vacation by a few more days, just check out the pricing available during the different times of the year. Perhaps tweaking your vacation schedule means you can add on a few more days or enjoy a houseboat with more amenities.

Multiple Boats

In some situations, one houseboat just isn't enough. Perhaps you have two families that would just prefer their own privacy or you've got just a few too many people that you don't know what to do with. Multiple houseboats could be the way to go. Plus, with the multi-boat discount you'll receive, the final cost may work out better than just one larger boat.

There is a lot to consider when choosing the right houseboat! If you have any questions, we are happy to answer them for you. One final thing! Remember to make your reservation early, so you are able to reserve the houseboat you would like, for the time period you desire.

Amenities

All of our houseboats are stocked with bed linens, towels and kitchen utensils. Some amenities are only found on certain models. For example, only a few of our upper tier boats have satellite TV on board. Want a hot tub on your boat to fit your whole crew? Our hot tub capacities range from 8 to 12 people.

Other amenities you may wish to have may include clothes washers and dryers, dishwashers, party tops, or a fly bridge. Evaluate the needs of your crew and compare your list with all the features offered on our houseboat amenities chart on page 26.

Size

Do you have a few people or a boatload of family and friends vacationing with you? Choosing the right size of houseboat will depend on the amount of sleeping areas needed. Check out the recommended sleeping capacity first, keeping in mind how comfortable your guests are with sharing. If privacy is key for comfort, consider a bigger model with more rooms.

Trip-Planning Tips

For Your State Dock Houseboat Vacation!

So you're planning a houseboat vacation and your crew is striking out somewhere new onboard a fabulous houseboat rental! Pulling together a houseboat trip is an absolute blast, but if this is a new type of vacation for you, here are a few helpful tips.

HERE ARE SOME TIPS TO THINK ABOUT:

Triple-check the list of what's already supplied on State Dock houseboats so you don't waste space bringing things you don't need and—even worse—forget things that aren't provided. As an extra, bringing your own pillows can sometimes help you feel more comfortable and sleep better at night.

Renting in a group? Try coordinating among yourselves so you only bring so many sets

of sun lotion, aloe vera, hair dryers, etc. You really don't need fifty extras of supplies like this onboard, and it'll save that much more space for everyone.

If you're bringing along little kids, help keep them feel comfortable by not forgetting that special blankie or toy. It'll add a nice homey touch to an exciting but strange place and can help the kiddos relax a little better, especially at nighttime.

Be real about your wardrobe. Will you really be wearing more than swim shorts and a t-shirt

for most of your vacation? As a general rule of thumb, trim that suitcase down.

If your group is into music, don't forget to check out whether your rental has a docking station and what devices would be compatible.

Choose your travel crew wisely. Remember, you'll be brushing elbows with these people for a good couple of days, and there aren't too many places to retreat to when you're sharing a full houseboat!

Bring lots of favorite board games, electronic games, books, and movies for those rare down time moments. There's so much to do on the lake, it seems like you'll never have down time.

But after dark or when the afternoon sun may be too hot in the middle of the day, it's nice to have backup activities to keep yourselves entertained and enjoy your vacation just a little bit more.

ULTIMATE
Poker Run

SEPTEMBER 7TH - 8TH, 2018

The 2017 Lake Cumberland Poker Run marked another milestone in the illustrious annual event at State Dock. Not only did State Dock bring in the most boats ever with 196 registered entries, we are now the biggest Poker Run on the water in the United States!

Known across the country as one of the Poker Run events not to miss, the Lake Cumberland Poker Run is legendary.

Non-stop entertainment, big prizes, great sponsors, thousands of spectators and one of the most beautiful lakes in the country are just a few reasons why performance boat enthusiasts flock to Lake Cumberland every September.

The lake is where all the action takes place, while State Dock is where all the fun happens. These amazing power boats are parked along the docks for spectators

to come down and admire all weekend. Boatel row or as we like to call it "Mardi Gras" at State Dock was an amazing sight to see as our Poker Run guests enjoyed their hotels on the water all weekend. It's a great way to spend the weekend, giving our guests a tranquil stay on the water while kicking it up a notch at night to enjoy the party atmosphere.

We can't forget about Harmon Creek. This legendary spot on Lake Cumberland is party central during the Poker Run. You will not see a larger gathering of boats on the water anywhere. With music bumping, boats cruising, and beads flying, the party is a sight like none other! Estimates put the raft up between 1,100 to 1,500 boats, and 7,000 people on the water!

Lake Cumberland Poker Run is an experience that can only be understood by attending it yourself! So what are you waiting for? Make your plans now to have the time of your life!

State Dock Poker Run Highlights

- 200 of the country's meanest and fastest power boats
- Enjoy the fun and energy of a MardiGras atmosphere
- Now the largest poker run in the USA
- 130 Mile Course through beautiful Lake Cumberland
- Each boat entered must make four marina stops in addition to State Dock to make up their poker hand. Cards are turned in for the best hand. Top five best hands win!

GORGEOUS COUNTRY!

"We rented the 600 series with 6 adults so we all had a sleeping room and changing room. The boat has everything you need except food. The lake is beautiful and the scenery is awesome. We went during end of September and received a really good price but it is not terribly expensive for what you get..."

EXPERIENCE THAT WILL MAKE YOU WANT TO COME BACK.

"We rented a 750 and had 6 Adults and 7 grandchildren. What a wonderful experience. This was our first time out, and had a great week on the water. The houseboat was very nice and clean. They have a lot of help on the docks and very nice people to talk with and give you ideas on where to go on the river. I would say, if you want a vacation that you can have the whole family together for a week, this is it. Fantastic !! We will be doing it again in the future."
